

VEESHAL D. BODOSA

Coder & Cinematic Storyteller

I craft web experiences, design seamless applications and bring visions to life through cinematics — blending software development with visual storytelling to create polished digital products, engaging interfaces and high-quality video work.

★ Core Skills

Full-Stack Web Development

UI / UX Design

Mobile Apps (React Native)

Cinematic Video Editing

Databases & Backend APIs

Deployment, Hosting & VPS

📁 Experience

Freelance Web Developer & Video Editor

2019 – Present

Remote, India

Delivered full-stack websites, mobile UI builds and cinematic edits across the complete pipeline: concept, design, development, editing and deployment.

🖥️ Projects

01 / DEVELOPMENT

2024 – LIVE

Bodo Okhrang

An AI-powered Anglo-Bodo dictionary and language platform built for the Bodo community. Instant word lookup, smart suggestions and a clean reading experience — now serving 50,000+ visitors every month and growing.

ROLE Full-stack Developer | TOOLKIT React · PWA · Supabase · AI | bodookhrang.com

02 / DEVELOPMENT

2025 – LIVE

FlopShop

A modern e-commerce progressive web app — installable, offline-friendly and fast on any device. Snappy product browsing, cart flow and a checkout experience that feels native.

ROLE Designer & Developer | TOOLKIT React · PWA · Vercel | flopshop.vercel.app

03 / DEVELOPMENT

2025 – LIVE

CrewSpace AI

A browser extension that brings AI assistance straight into your workspace — summarise, draft and organise without ever leaving the tab you are working in.

ROLE Creator & Developer | TOOLKIT JS · Extension APIs · AI | crewspace-ai.vercel.app

04 / DEVELOPMENT

2024 – LIVE

Kokrajhar University

The digital front door for Kokrajhar University — a website and companion app giving students notices, resources and campus information in one organised, mobile-first place.

ROLE Web & App Developer | TOOLKIT React · PWA · Supabase | ku-app.in

🎬 Creative Work

OFFICIAL MUSIC VIDEO

2025

Jery Brahma — That's What You Face

Full edit for the official music video — shot sequencing, rhythmic cuts, transitions and color work built around the track's pacing and mood.

TOOLKIT Final Cut Pro | youtu.be/AQIcq30WTNs

CINEMATIC PROJECT

2025

Trip to Darjeeling & Pelling

Travel-focused cinematic edit combining visual storytelling, pacing, transitions and color grading across two locations.

TOOLKIT DaVinci Resolve · CapCut | youtu.be/gNVz83QSoY4

EVENT EDITING

2025

Open Mic RGU

Event coverage cut with an emphasis on rhythm, atmosphere and audience energy across the night's performances.

TOOLKIT Adobe Premiere · DaVinci Resolve | veeshal.me/projects
